

# 2023 summer travel on American Airlines

Summer is right around the corner and American and its more than **130,000** team members are ready to care for customers over the busy travel season. Following industry-leading reliability over the winter holidays, American has carried that operational momentum into 2023 – currently leading the industry in on-time departures. The airline is doubling down on operational reliability and has invested in new technology to get customers on their way faster. Between May 25 and August 14, American expects more than **52 million** customers.

**May 25 to Aug. 14**

## SUMMER TRAVEL BY THE NUMBERS

## RIGHT SIZED, RIGHT STAFFED

American is sized for the resources it has and the operating conditions it expects to face. Over the last two years, the airline has continued to grow its team – a team geared up for the busy travel season.

**130,800** team members in 2023

**113,200**  
in 2021

**+17,600**  
more than 2021

## TIPS FOR SUMMER TRAVEL

1

Download the American Airlines app for the most seamless travel experience.

- + Check in.
