

**CORAL HOTELS**  
Happiness in the Sun

# HOTELS, EXPERIENCES

If your idea of a perfect vacation is to rest in an exclusive and relaxed environment, where you can enjoy a quiet chat with your couple or with friends, read in silence, get up without hurry and enjoy an excellent gastronomic offer, our "Adults Only" hotel-concept that feature a contemporary design with Nordic inspiration, will fully meet your expectations.

Because we know that the sweetest memories are family-vacation memories, in our cozy "Coral Families" hotels we offer unforgettable family experiences through facilities and services specially designed for the whole family.

For an active and alternative holiday in contact with nature and under the vibrant sun of Tenerife and Fuerteventura, we offer you our Nature & Adventure experiences. Located in convenient and unique spots, very close to incredible landscapes - both mountainous and coastal - and picturesque villages, in our "Nature & Adventure" properties you will be able to practice a wide range of mountain and water sports.

Our Exclusive Experience has been created to meet the expectations of those people who dream with an intimate and exclusive vacation in a sophisticated space of rest and comfort. In Coral Villas La Quinta you will be able to relax and enjoy the sunshine in your own private villa. Modern and minimalist design with private pool, large terraces and gardens for exclusive use.

# SUSTAINABILITY

**Gold Certified for  
Accommodation Sustainability**

Our hotels have the Travelife certificate Gold, a seal of great international recognition that certifies the achievements that the company has achieved at an environmental and social level.

**BIOSPHERE**  
certified destination

Coral Hotels has been the first hotel chain in the world to obtain the BIOSPHERE certificate in the 100% of its establishments. An acknowledgment that accredits us as a company sustainable and responsible with the environment.

## **ENERGÍA ELÉCTRICA 100% VERDE**

All our hotels are stocked with 100% renewable electrical energy. One more step in our commitment to the environment.
