

An Art Deco icon in the heart of Miami Beach

Located on the iconic Ocean Drive, Eurostars Winter Haven is an Art Deco gem that embodies the historic charm of Miami Beach. Designed in 1939 by architect Albert Anis, this hotel stands as a witness to the development and rebirth of South Beach since its golden era. Its Art Deco façade leads to a sophisticated interior design, with soft and bright tones, fine woods, and geometric shapes that create a warm and exclusive atmosphere.

Eurostars Winter Haven invites its guests to immerse themselves in the vibrant local culture of Miami. From its central location, visitors can enjoy proximity to the most popular attractions of the City of Sun, such as Lincoln Road Mall, and the cosmopolitan energy that defines South Beach.

For a complete experience, you can enjoy the Italian restaurant Il Bolognese, a lobby bar with spectacular views.
